PETITION TO ACCEPT AN  
UNINTENTIONALLY DELAYED CLAIM OF PRIORITY

Dear Sir:

This is a Petition to correct an unintentionally delayed claim of priority in the above-pending application. Applicants' representative received the Notice of Allowance dated December 2, 2004, and while preparing to execute the Issue Fee, noted an error in the priority claim.

Applicants hereby petitions the Commissioner under 37 C.F.R. § 1.78(a)(3) to claim the benefit under 35 U.S.C. § 120 of an earlier filed international application.

The entire delay between the date the priority claim was due under paragraph §1.78(a)(2)(ii), four months from the actual filing date of this application (March 6, 2002) and this date was unintentional. When the current application was filed, priority was claimed to PCT/IB97/01218 as indicated on the copy of the Combined Declaration and Power of Attorney which is attached as Appendix A. Applicant

unintentionally omitted this information from the Preliminary Amendment mailed on November 6, 2001.

The claim of priority is as follows: This application is a divisional application of US serial no. 09/293,111 filed on April 16, 1999, now US patent 6,352,698, which is the national filing of International application number PCT/IB97/01218, filed on October 21, 1997.

As stated above, Applicant's representative first became aware of the need to add the Related Applications paragraph claiming priority while reviewing the Notice of Allowance and promptly filed this Petition.

Applicants attach an Amendment After Notice of Allowance to add a related cases section to the specification to correct the priority. Please charge the surcharge set forth in 37 CFR § 1.17(t) of \$1330.00 to Deposit Account 10-0750/ROC0025/SHH and any additional surcharge or fee that is required in connection with this petition.

Please contact me if any further information is required at the number below.

Respectfully submitted,
